ty, with such additional information as the Superintendent of Common Schools may require.

§13. The office of County Superintendent of Common Schools for the City and County of New York is hereby abolished.

OF THE SUPPORT OF THE SCHOOLS.

§14. Whenever the Clerk of the City and County shall receive notice from the Superintendent of Common Schools of the amount of moneys apportioned to the County of New York, for the support and encouragement of Common Schools therein, he shall immediately lay the same before the Board of Supervisors of the said county ; and the Chamberlain of the said city shall apply for, and receive the school moneys apportioned to the said county as soon as the same become payable, and place the same to the credit of the Mayor, Aldermen and Commonalty of the City of New York, for the benefit of Public Education therein.

§15. The said Board of Supervisors shall annually raise and collect by tax upon the inhabitants of the said city and county, a sum of money equal to the sum specified in such notice, at the time and in the same manner as the contingent charges of the said city and county are levied and collected ; also a sum of money equal to one-twentieth of one per cent. of the value of the real and personal property in the said city, liable to be assessed thereon, and pay the same into the city treasury, to be applied to the purposes

of Common Schools in the said city ; and the Board of Education shall apportion the money so raised to each of the schools hereafter provided for by this Act, except the Free Academy, and the Evening Schools, according to the number of children over four and under twenty-one years of age, who were actual residents of the City and County of New York at the time of their attendance on such schools, without charge, the preceding year ; and the average shall be ascertained by adding together the number of such children present at each morning and afternoon session, of not less than three hours, and dividing the sum by four hundred and sixty ; and if any school shall have been organized since the last annual apportionment, the average shall be ascertained by dividing by a number corresponding to the actual number of morning and evening sessions, of not less than three hours each, held since the organization of such school ; and the sum apportioned to any schools, other than the Ward Schools, shall be paid to the Trustees, Managers or Directors of such schools, respectively, by drafts on the City Chamberlain, to be signed by the President and Clerk of said Board, and made payable to the order of the treasurers of said Trustees, Managers, or Directors.

§16. Said Board of Supervisors shall also raise and collect at the same time, and in the same manner, such additional sum or sums as the Board of Education, in pursuance of the provisions of the first subdivision of the third section of this Act, shall have reported to be necessary for the purposes therein mentioned. Such moneys shall be paid into the city treasury, and shall, together with the amount appor-

tioned to the ward schools, be paid by the Chamberlain of the said city upon the drafts drawn on him by the Board of Education, signed by the President, and countersigned by the Clerk of the Board, and by the Commissioners, or one of them, of the ward for which the money is to be paid, except such sums as shall be drawn pursuant to the fifth sub-division of the second section of this act, which shall be paid by said Chamberlain, upon drafts drawn on him by said Board, signed by the President and Clerk, and countersigned by the chairman of the Finance Committee of said Board, and all drafts shall be made payable to the person or persons entitled to receive the same.

§17. If any of the said newly organized ward schools, by reason of peculiar circumstances, shall be equitably entitled to a larger sum than they will receive under an apportionment made as aforesaid, then the Board of Education shall be authorized, and they are hereby required to make to such schools such further allowance out of the school moneys, as they, the Board of Education, shall deem just and proper.

§18. No school shall be entitled to, or receive any portion of the school moneys in which the religious doctrines or tenets of any particular Christian, or other religious sect, shall be taught, inculcated or practiced, or in which any book or books, containing compositions favorable or prejudicial to the particular doctrines or tenets of any particular Christian, or other religious sect, or which shall teach the doctrines or tenets of any other religious sect, or which shall refuse to permit the visits and examinations provided for in this act. But nothing herein contained shall authorise

the Board of Education to exclude the Holy Scriptures, without note or comment, or any selections therefrom, from any of the schools provided for by this act ; but it shall not be competent for the said Board of Education to decide what version, if any, of the Holy Scriptures, without note or comment, shall be used in any of the schools : Provided that nothing herein contained shall be so construed, as to violate the rights of conscience as secured by the Constitution of this State, and of the United States.

§19. If the school moneys apportioned to the Common Schools, agreeably to the previous section of this act, shall exceed the necessary and legal expenses of either of such schools, the Board of Education shall authorise the payment only of such sum or sums, as shall be sufficient to provide for such expenses, and any deficiency in the sums apportioned to meet the necessary and legal expenses of public education in the said schools, shall be supplied by the Common Council of the said city, and they are hereby authorised and directed to raise by loan, in anticipation of the annual tax, such sum or sums, as shall be necessary to meet such deficiency. And the Board of Education shall, in all cases, certify to the Common Council the cause of such deficiency, and that the same was unavoidable, and unless such certificate shall be made, the said Common Council may refuse to raise the sum required to meet such deficiency.

§ 20. In making the apportionment among the several schools, no share shall be allotted to any school from which no sufficient annual report shall have been received for the year ending on the last

day of December, immediately preceding the apportionment.

§ 21. Whenever an apportionment of the public money shall not be made to any school, in consequence of any accidental omission to make any report required by law, or to comply with any other regulation or provision of law, the Board of Education may, in its discretion, direct an apportionment to be made to such school, according to the equitable circumstances of the case, to be paid out of the public money on hand, or if the same shall have been distributed, out of the public money to be received in a succeeding year.

OF NEW SCHOOLS.

§ 23. Whenever a majority of the School Officers of any ward shall certify in writing to the Board of Education, that it is necessary to establish a school in said ward, with the facts and circumstances showing such necessity, together with the number and class of scholars who will probably attend such school if established, it shall be the duty of the Board of Education, without delay, to investigate the subject and determine the expediency of establishing such school in such ward applying for the same. Should the ward officers, or any of them, deem themselves aggrieved by such decision, they may appeal to the State Superintendent of Common Schools, who shall decide as to the propriety of the establishment of such school, and

his decision, if adverse to the appellants, shall be binding for the term of one year.

§ 24. Upon a decision favorable to the establishment of a school or schools in any of the wards of the said city, it shall be lawful for the School Officers of said ward to proceed to organize one or more schools, such as may be authorized by the Board of Education, and procure a school-house, by purchasing or hiring the same, or by procuring a site and erecting a building thereon, according to plans and specifications, and contracts which shall have been duly filed with and approved by the Board of Education, the erection of which said building, and the fitting up thereof, and the fitting up of any hired building, shall be done by contract, proposals for which shall be advertised for two weeks previous to deciding upon estimates thereon, unless such fitting up shall not exceed the sum of two hundred dollars; and the expense of establishing and organizing any school, as above mentioned, shall be levied and raised pursuant to the provisions of this act.

required for that purpose shall have been presented to the Board of Education by said School Officers, and together with a copy of the working-drawings, plans and specifications of the work to be done, pursuant to the provisions of this act, shall have been duly filed and approved of as herein required, and an appropriation shall have been made by the Board of Education therefor.

§ 26. The Trustees, managers and directors of any of the Corporate Schools entitled to participate in the apportionment of the school monies, may at any time convey their school-houses and sites to the corporation of the City of New York, and transfer any of their schools to the Board of Education, on the terms and in the manner to be agreed upon and prescribed by the Board of Education, so as either to merge the said schools in the ward schools or adopt them as ward schools; and the same shall then be ward schools subject to all the rules, duties and liabilities, and enjoy the same rights as if they had been originally established as ward schools. § 27. Whenever, owing to any nuisance or other circumstance in the immediate vicinity of any school, or to the small attendance of scholars therein or other

sufficient reason, it shall appear to the Board of Education necessary and proper to discontinue such school, in any of the wards of this city, the said Board shall give notice to the Trustees of said school of its intention to consider the propriety of such discontinuance; and in thirty days after such notice, may proceed to investigate the matter, and if a majority of the School Officers of the ward shall consent to the same, and if the said Board shall determine by a vote of a majority of all the members thereof, that it is proper to close the same, it shall be the duty of said Board to withhold all moneys which may have been apportioned or appropriated for the support of said school, and the said school shall not thereafter participate in any subsequent apportionment of the school moneys. So soon as the same shall take effect, the Comptroller of the city shall be notified thereof by the said Board, and the said school-house and site may thereupon be used or disposed of, as a part of the general property of the city.

MISCELLANEOUS PROVISIONS.

Payments to be made by the drafts of the Board of Education on the City Treasury, on the first day of each month, not less than one week after the bills shall be delivered at the Clerk's office, properly vouched.
